30W LIFESTYLE FLOODLIGHT

VISIT PRODUCT WEB PAGE

RoHS Compliant

The new lifestyle range of floodlights contain a highly efficient Single COB cool white LED making them extremely bright and energy efficient, a perfect alternative to older halogen floodlights. The LED is situated in a slim, lightweight housing which is IP65 splash proof rated meaning that these floods can be used in both indoor and outdoor applications. They feature a U bracket for easy mounting onto exhibition stands, houses, commercial properties etc.

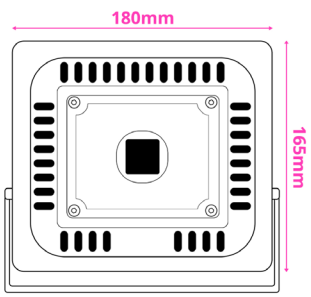

The Lifestyle floodlights are available in 30W, 50W and 100W variants and come with a 1mtr tail on the end for easy installation.
