Creative LED & Effect Technology for the Trade Professional

ModularLite

ModularLite is a high-quality modular LED system for customizable, professional lighting with sleek profiles and seamless connectors.

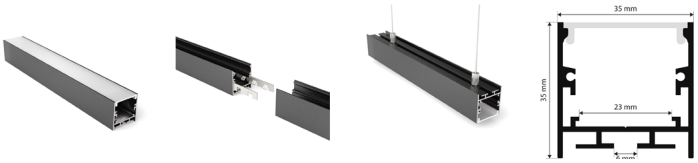

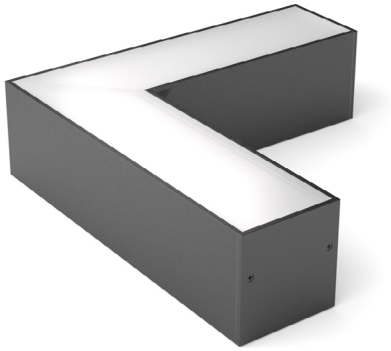

ModularLite LED Profile 35x35mm | 2 MTR

Product Code: 102.170

High-quality 2-metre brushed aluminium LED profile with a 35x35mm square design, ideal for housing LED strips up to 20mm wide in professional surface or suspended lighting applications.

Length: 2000mm Width: 35mm Height: 35mm Unit Weight: 1290g

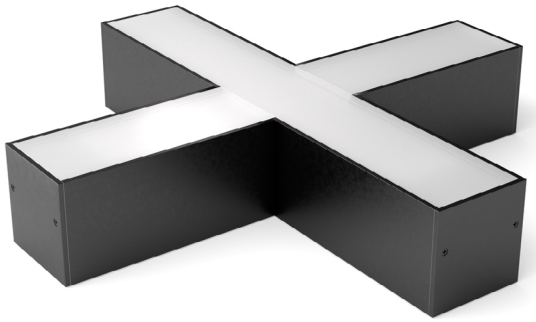

ModularLite LED Profile Connector L-Shape (90°)

Product Code: 102.173

90-degree brushed aluminium connector for ModularLite 35x35mm profiles, ideal for creating clean, right-angle joins in suspended or surface-mounted LED lighting installations.

Length: 150mm Width: 35mm Height: 35mm Unit Weight: 202g

ModularLite LED Profile Connector X-Shape (4-Way)

Product Code: 102.174

Brushed aluminium X-shape connector for ModularLite 35x35mm profiles, designed to create clean four-way joins for multi-directional suspended or surface-mounted LED lighting layouts.

Length: 300mm Width: 35mm Height: 35mm Unit Weight: 407g
