Installation Precautions

Do not twist the light

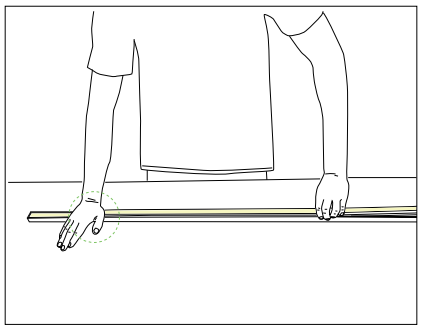

Do not suspend the power cable

Do not leave the light hanging in the air

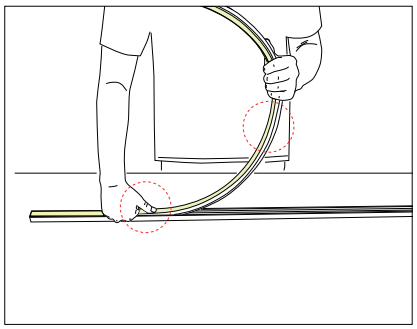

Prohibit trample

Small Angle bending is prohibited

Put it in the profile

- Please press the led strip with your palm to slowly insert the led strip into the groove, and gently straighten the led strip above the groove with your right hand.
- Try to keep the led strip in a flat state during the installation process.

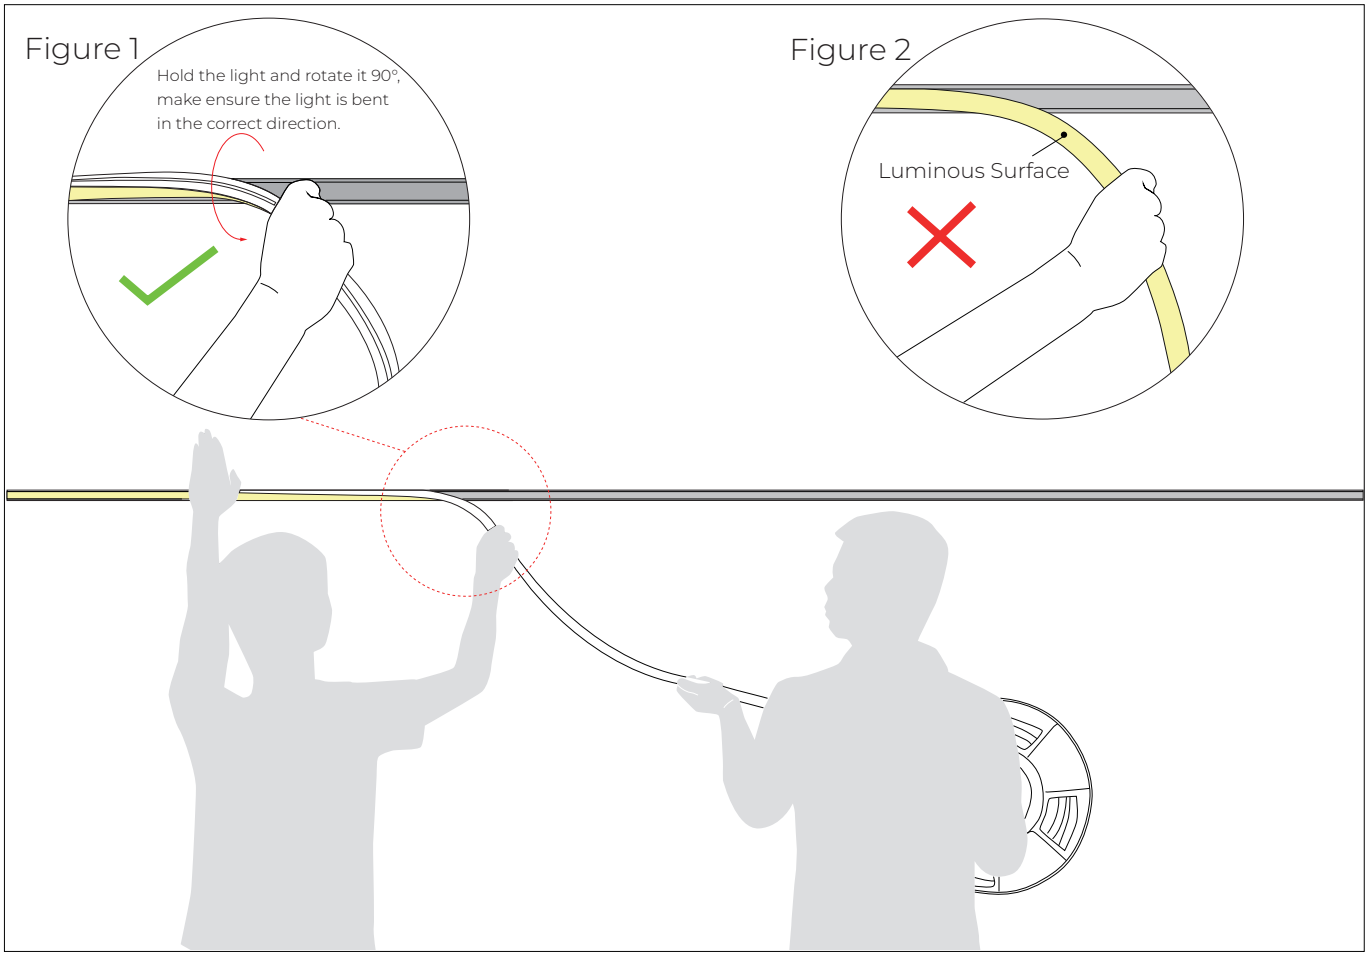

- Do not press the led strip with a single finger, it is easy to damage the internal
- parts of the led strip.
  The bent arc of the led strip should not be too large during installation.
