This compact, gel-filled 3-way splice connector is the perfect solution for insulating and sealing wire connections to ensure they remain fully watertight. Measuring just 19.4mm x 11.8mm x 8.2mm, it comes pre-filled with a non-toxic, halogen-free, and UV-resistant gel that has no shelf life. Once sealed, it provides a highly durable connection suitable for placement in harsh environments, including underground or fully submerged in water.

Dimensions (Unit: mm)

Notes:

- Ensure the waterproof end caps are fully tightened to secure the cable and maintain the IP68 water-tight seal.
