SNAP LED

DATASHEET

Linear 845mm 4000K

Product code: 101.126

Snap-O-LED light bars are a high brightness product ideal for projects requiring a slim, robust, easy to install lighting source. Enclosed in a lightweight aluminium extrusion the powerful daylight white 4000k LED chips are equally spaced to produce an even wash of light resulting in a pixel free output.

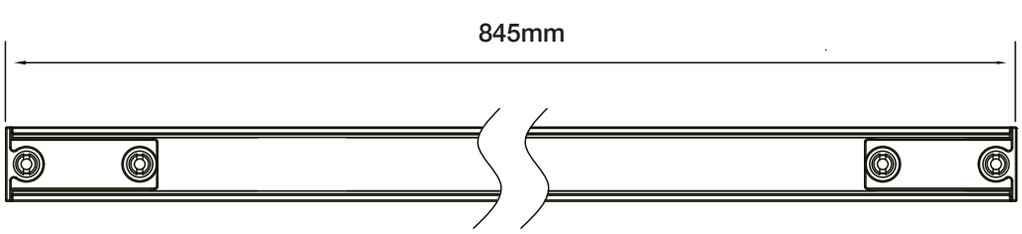

With its lightweight properties and easy click & connect set up, this product can be used in multiple installation areas such as; furniture builds, shopping displays, exhibitions & more.

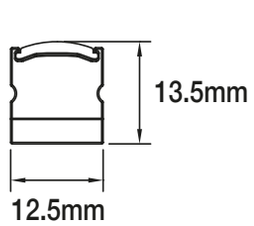

Guarantee Period | 24v Input Power | CRI >90 Rating | IP20 Rating | 120° Beam Angle

Product Code:	101.126
Colour Temperature	4000-4500K
Guarantee Period:	3 years
Wattage:	9W
Current:	364mA
Input Power:	DC24V
PCB Weight:	FR4 rigid PCB 2oz Copper
Weight:	125g/pcs
Size:	L845xW12.5xH13.5mm
Strip Length:	845mm
Cross Section:	W12.5xH13.5mm
Beam Angle:	120 degrees
LED Spacing:	4.3mm
Power consumption per pcs:	9W/PCS

Lumens:	6lm per LED
Luminous flux (Lumens per pcs)	590lm
Light intensity per LED (millicandelas):	1800mcd
CRI Rating (greater than):	>90
Dimmable:	yes
Cut Intervals:	cannot be cut
LED Qty:	198pcs LED
LED Type:	SMD2216
IP Rating:	IP20
Continuous run in mtrs:	10meters*
Average LED life Hrs:	50,000
Base Type:	connectors are optional
CE and RoHS:	Yes
Installation method	Metal clips and screws

Accessories

Link Cable 1mtr
Product code: 101.129

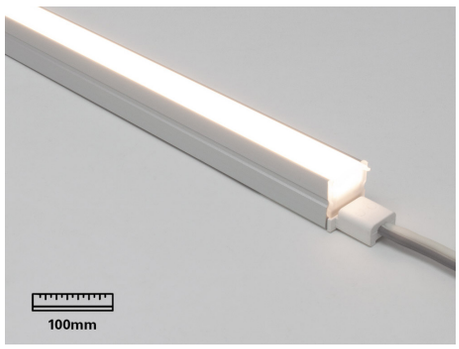

Starter Cable 1mtr
Product code: 101.130

Rigid Connectors 5pcs
Product code: 101.128

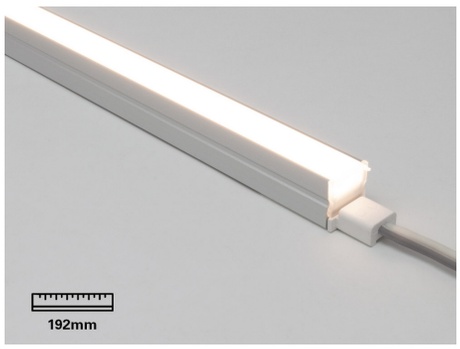

Fixing Clips 5pcs
Product code: 101.134

**A 20 meter run can be achieved if powered from both ends.*
