This gel-filled wire connector from the Raytech range is perfect for achieving water-tight wire connections in outdoor or underground settings. Measuring a compact 110mm x 72mm x 25mm, this innovative box comes pre-filled with a non-toxic, halogen-free, and UV-resistant gel that has no shelf life. It features integrated cable glands to prevent cable traction and includes screw connectors. Once the lid is closed and the waterproof end caps are tightened, it creates a fully submersible, IP68-rated seal.

Dimensions (Unit: mm)

Notes:

- Ensure the waterproof end caps are fully tightened to secure the cable and maintain the IP68 water-tight seal.
