FLEXI LED ROPE

Flexi Rope LED Red 50m

Product Code:	101.973
Product Type:	Flexi LED Rope
Guarantee Period:	1 Year

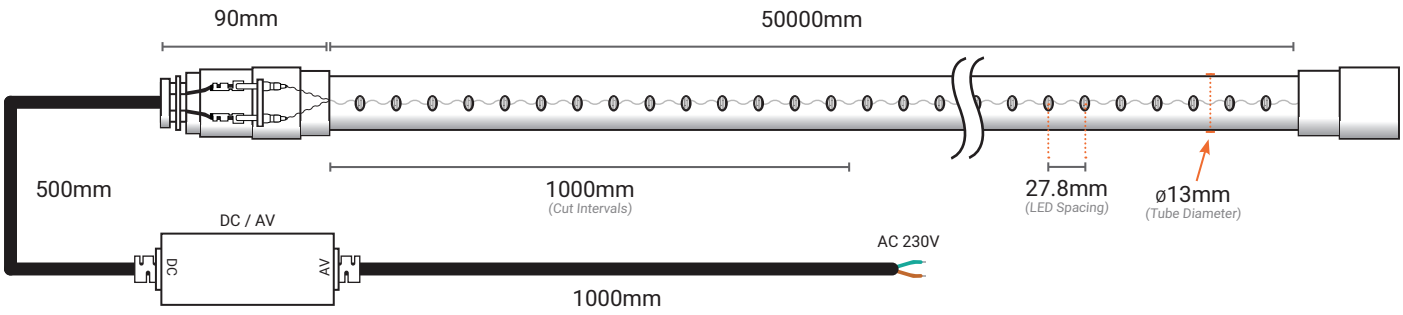

Features & Benefits:

- Transparent PVC Rope for high luminosity
- UV resistant
- 60mm Maximum Bend Diameter
- Red LED's (626-629nm)
- 36 x LED's at 3W per Metre
- IP65 rated for outdoor / indoor use
- All LED's fixed in one direction for even light
- Can be cut to size at 1m intervals

7.85kg *appx Per Roll* **0.16kg** *appx Per Metre*

Colour:	Red
Colour Temperature:	626 - 629nm
Power:	150W
Current:	13MA/m
Input Voltage:	AC 230V
LED Spacing:	2.78cm
Cut Intervals:	100cm
LED Quantity:	36 LEDs/m
LED Type:	Sanan Optoelectronics
Beam Angle:	120°
CRI Rating:	N/A
Lumens per LED:	2-2.5LM/LED
Lumens per Metre:	38.52LM/m
Light Intensity per LED:	700-900mcd
Power Consumption per Metre:	3W/m
IP Rating:	IP65
Average LED lifetime:	20000 Hours
Reel Size:	50m
Rope Material:	Transparent PVC-60P
Rope Cover:	UV Resistant Jacket
CE & RoHS:	Yes
Maximum Bend Diameter:	60mm

Dimensions (Unit: mm)

STARTER KIT NOT INCLUDED

Notes:

- Cutting Marker: **www.ledtechnologies.co.uk**
- The Cutting Points will be displayed on the Flexi Rope **as seen above**. The LED Rope is to be cut along the **SCISSORS ICON** to ensure that no damage is done to the product.

FLEXI LED ROPE

Flexi Rope LED Red 50m

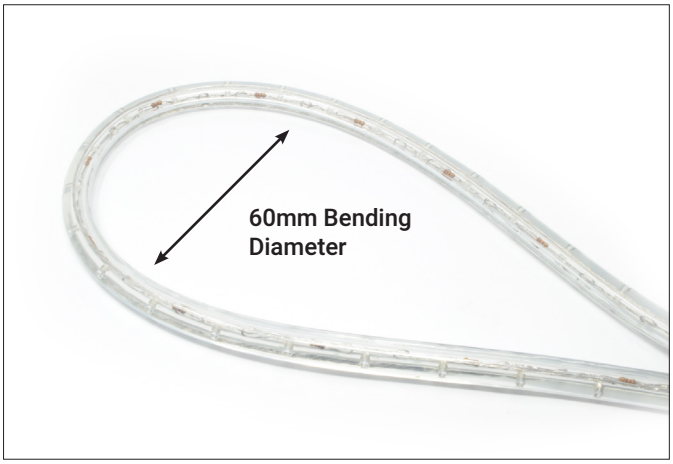

Connection Diagram

1. Starter pin must be connected to the start of the LED Rope.
2. Firmly insert in to the two holes to connect to the wires inside the LED Rope.
3. Slide your Solder Heat Shrink Sleeve over the end of the LED Rope.
4. Push the connector on to the end of the LED Rope, ensuring the connector pins go through the holes.

STARTER KIT NOT INCLUDED

Info

Flexi LED Rope is a decorative product for Professional installation and set up only. Installation must be adhered to. We provide a manual and video instruction. This must be followed correctly to ensure a long life.

Your warranty is void if we deem the following:

Water ingress due to incorrect assembly – water ingress can happen slowly and failure may take some time, you are not covered under warranty if there is any evidence of water ingress.

LED Failure. If any Leds have failed then we reserve the right to replace 1mtr lengths and will proved the joining connectors – we will not replace the whole roll. Normally a small number of led will fail in the 1st year, and this is not a product fault and will be considered acceptable.

+/-10% Tolerance on all specifications.
We reserve the right to change specifications without notice. E&OE
