Notes:

- Octowash Wall Washer strip may be cut to length only if really necessary.
- To locate the cutting points, the 3M Sticky Back needs to be peeled slightly to show the cutting points, they will show as a dashed line with a scissors icon above it.
- Cutting the Octowash will reduce the IP rating to IP65 and you will need to seal it correctly to maintain the IP65 Rating for installations where the Octowash may be subject to splashes.
